

Hello There!

We've enjoyed spending much of the third quarter with some fantastic clients, helping "Raise More" for each of their foundations. There have been updates to the [DonationXchange](#) system – you can find them [here](#). We are also running a couple of limited time promotions, so be sure to read up on those below. Looking forward to seeing all of you during the busy event season ahead.

Warm wishes,
The [Events.org](#) Team

Solution of the Quarter – iConference

The best new interactive solution

iConference is our new smartphone-based attendee portal, a content delivery tool that allows meeting information to be accessed directly from attendees' smartphones and/or tablets. It reduces print materials and allows for last minute room and time updates.

With iConference, participants are able to:

- Maintain exhibitor information
- Access meeting materials
- Manage personal schedules
- Network within the conference
