1411. DIANE von FURSTENBERG WEEKENDER Orange is the new red and who wants to strain their eyes to spot their luggage in baggage claim? And since there's never a skycap around when you need one, check out the zip away handle and heavy duty wheels for easy handling, even though it's big enough for a weekend country getaway or a week at the beach. **Donated by Donor: The Marmaxx Group**
1412. ADRIENNE VITTADINI SACHEL Chocolate satchel with snake print leather trim. 1416. CAST IRON DEEP SKILLET I've had mine for 20 years and my family would never have fried chicken or cornbread without it! My grandmother claimed it would prevent what she called "low blood" - something to do with the iron I guess. With the popularity of those expensive enamel coated versions, true cast iron skillets are hard to find these days and I can assure you this will become your favorite. I've already "seasoned" it for you (oiled it and baked it for 20 minutes - something you can do about every 2 years). This pan can take the high temperatures required to use oil without ending up greasy. For the lucky person who gets this - I am including a copy of " Big Mama's Secret Skillet Cornbread" ( it really is a family secret). **Donated by Donor: Robin Robinson**
1417. GOLFERS WATER GLOBE CHALLENGE If you have a big gameboy who insists on going shopping with you, give him something to do while you browse for bargains. **Donated by Donor: The Marmaxx Group**
